Gentlemen's Member-Guest

This is one of our four major tournaments, and it's the most popular among our members. To secure a spot in the upcoming year, members will have had to play in past years. However, new members or those who haven't played in this tournament before can earn their way in by participating in other tournaments throughout the season. Points will be awarded through the WindStone Points Race, and depending on how many spots are available for the tournament, we'll reward those spots to members based on their standings in the points race. For example, if there are four spots open in the tournament, we'll take the top four names on the points list who aren't already in the tournament. The more you play, the easier it will be to participate in this fantastic tournament.
